**EXECUTIVE SUMMARY**

Thurrock Council has operated a system of publishing food hygiene rating for the premises it inspects. Since 2008 these results have been published on a national "scores on the doors" website.

The majority of local authorities with food safety responsibilities, participate in one of a number of such schemes.

From 2010 the Food Standards Agency have been developing a national scheme intended to unify the various schemes in operation, thereby providing consistency for consumers.

Now is an appropriate time to consider the adoption of the national scheme for Thurrock.

**1. RECOMMENDATIONS:**

- 1.1 **That the committee agree to replace Thurrock's Scores on the Doors Scheme with the national Food Standards Agency Food Hygiene Rating Scheme.**

**2. INTRODUCTION AND BACKGROUND:**

- 2.1 Over the last five years Thurrock, in common with the majority of local authorities, with responsibility for food safety, has been operating a scheme of publication of hygiene scores for premises within its area. The aim of these schemes is to provide information to consumers to allow them to make informed choices regarding the source of their food. Additionally, the schemes encourage traders to improve the food hygiene standards to secure a good food hygiene score.
- 2.2 A variety of schemes have been in operation with slightly differing provisions and different branding. This weakens the impact of schemes by allowing for different interpretations in different areas, thus providing scope for confusion amongst consumers and traders alike.
- 2.3 Since 2010 the Food Standards Agency (FSA) has been developing a national scheme, known as the Food Hygiene Rating Scheme. The aim of this is to provide a unified system for Local Authorities. This will provide consistency for traders and improve consumer recognition due to the common branding across the UK. The documentation and door stickers include both the FSA and Thurrock logo's to provide the national recognition whilst acknowledging the role of Thurrock in food hygiene regulation.

Comment [s]: You should briefly explain why the report is on the agenda - See para. 5.3 and 5.4 of the report writing guidelines.

Comment [s]: Other headings may be appropriate. The report should outline the reasoning that leads to its recommendations and **must** include:

1. a brief summary of options considered;
2. consultation outcomes
3. a risk assessment.
4. Whether the responsible cabinet members have been consulted/contributed to the report (NB professional and political advice must be clearly distinguished)

- See para.5.5 of the report writing guidelines.

**3. ISSUES AND/OR OPTIONS:**

- 3.1 The benefit of the national scheme will increase as the number of local authorities adopting it increases. Thurrock's residents will gain most if the scheme is adopted here and by other areas where our residents may eat.
- 3.2 This scheme is voluntary and Thurrock can continue with the existing scheme if preferred.
- 3.3 The administration of the scheme is a small part of the statutory work of the food team and justified by the benefits to consumers.

Comment [j]: This should include any consultation with Ward Members and Shadow Portfolio Holders, as well as any public or statutory consultation

Comment [a]: Please refer to Section 5.7 of the Report Writing Guidelines

**4. CONSULTATION (including Overview and Scrutiny, if applicable)**

- 4.1 No consultation has been undertaken as this involves a minor amendment to an existing scheme.

Comment [sj]: This section should always be completed – if they are dealt with fully in another part of the report, they also need a brief cross reference here. The names and job titles of the officers providing the implications should be

**5. IMPACT ON CORPORATE POLICIES, PRIORITIES, PERFORMANCE AND COMMUNITY IMPACT**

- 5.1 This contributes towards the council priority to provide a safe, clean and green environment.
