Section B: COMMISSIONING REPORT

Business Case	<p>As stated, the current providers' contracts come to an end on 31st March 2018.</p> <p>Over the past few years significant efforts have been made to integrate the Sexual Health services in Thurrock. It is thought that there could be improvements generated in terms of integration and cost savings by testing the market. The current spend for these contracts is £1,634,689 per annum. Sexual Health Services are currently delivered primarily by the North East London Foundation Trust (NELFT) and supported by smaller elements from GPs, pharmacies and other providers.</p> <p>It is proposed that the smaller additional elements are included within this contract with a view to fully integrate the service. This will enable the provider to adapt the services to the needs of the population by working in a more joined up manner. This will also significantly reduce the administrative functions required by the Council's Public Health Team.</p>
Key Deliverables (Draft Specification)	Achievement of a range of quality outcomes including Public Health England targets on prevention and recovery of substance misuse.
Quality v Price evaluation	60:40 Quality:Price
Social Value	Bidders will be asked to propose Social Value opportunities for their term – this may include volunteering opportunities for local people.
Current / Previous Contract details	The current service is part of the directly commissioned arrangement between the CCG and NELFT, of which Thurrock Council is an authorised signatory.

FINANCIAL IMPLICATIONS

Enter Risk	L	I	Level	Impact	Mitigation

Contingency Arrangements	Extension of the existing service is unlikely to be needed but will be agreed with the current incumbent prior to tender. Public Health will continue to work closely with the CCG and Primary Care providers should any failure take place during the contract term.
Consultation	As part of the development of the service specification we will consult with service users, stakeholders and other relevant professionals. The proposal will also be discussed at Health Scrutiny for comments.

¹ **Risk Likelihood:** A = Very High, B = High, C = Significant, D = Low, E = Very Low

² **Risk Impact:** I = Critical, II = Significant, III = Marginal, IV = Negligible

³ **Risk Level:** High = AI, BI, All, BII, CI, CII, all others lower

Project and Contract Management Proposals	The Contract will be managed directly by the Responsible Officer (Public Health Manager).
Procurement Comments	This is an opportunity to market test the delivery of sexual health services which will be further integrated to ensure a joined up service for recipients. There is potential for a small element of savings although this is not anticipated to be substantial. The size of this procurement means it is subject to the EU Light Touch Regime and the tender exercise will be conducted accordingly. The Corporate Procurement Manager will continue to support Public Health through this project.
