Further to my question to the Portfolio Holder for Transport, Councillor B Little on the 27 September 2017 and on reading the Thurrock Transport Strategy for the period of 2013 to 2026 what reassurance can the Council supply to disprove my belief that it will fail to deliver on the 'Health and Well-being' and 'Protecting the Green Environment' aspects of the Strategy due to possible further massive road expansions, the requirement of further housing and as it has also been claimed by the Portfolio Holder for Education and Health "that there was only so much the Council could do on their own"?

At the last public Council meeting it was stated that 32,000 homes were to be built in Thurrock, can the Council tell me please where is the land situated to build these houses?
