General accessibility and emergency plans to be looked at to minimise the isolation of residents and businesses, with particular regard to emergency services, school and workplace commutes etc. 2. Free and direct access be re-established to the pumping plant for Thurrock Council to complete any required works as quickly as possible. 	<p>This is a long standing issue that has proved difficult to progress as the result of the intransigence of other parties. Due to the extreme weather conditions experienced over recent weeks, all available resources have been allocated to deal with immediate flooding issues in other locations. We remain committed to resolve this difficulty and meetings are being arranged to discuss and negotiate a satisfactory solution.</p> <p>New controls fitted to the system since the New Year has increased the reliability of the pumping station.</p> <p>Discussions are on-going with Network Rail in regard to the provision of a secure access route to the pumping station and the maintenance necessary for the outfall ditch flowing to Mucking Creek.</p> <p>Costs are currently being obtained for a remote monitoring system that will be installed to the control equipment of this pumping station.</p>	David Bull
