Executive Summary

Between December 2019 and March 2020, a comprehensive Audit Needs Assessment (ANA) process was undertaken which involved attending meetings with each of the Directorate Management Teams (DMT's) to discuss the risks and priorities with Directors, Assistant Directors and other senior management. As a result, a 3 year Strategy for Internal Audit 2020/21 to 2022/23 was developed.

During the latter part of this process, the implications from the Coronavirus COVID-19 pandemic started to emerge with changes to working practices, and in some cases, changes to job roles. Due to the continually emerging issues, this was not reflected in the plan but as a result, the scope of some reviews changed during the year to ensure the Internal Audit Service was utilising its resources to best meet the needs of the council.

However, it was agreed with the Corporate Director of Resources and Place Delivery that as the pandemic has had a continuing impact on how services operate, during 2022/23 it would benefit the council if we continued to have a 6 month rolling plan to allow the service to react pro-actively to changing risks and priorities.

1. Recommendation(s)

1.1 That the Standards and Audit Committee:

Receive and agree the 6 month Internal Audit Plan 2022/23.

2. Introduction and Background

2.1 Following a comprehensive Audit Needs Assessment (ANA) process between December 2019 and March 2020, a new 3 year Internal Audit Strategy 2020/21 to 2022/23 was developed. In preparing the strategy and the annual internal audit plan, we shared them with all members of Director's Board for comment and changes were made as appropriate. In addition, we met with, and attended meetings with the following:

- HR, OD and Transformation Directorate Management Team;
- Children's Services Senior Management Team;
- Performance Board;
- Director of Adult Services;
- Assistant Director – Housing;
- Assistant Director – Street Scene & Leisure;
- Assistant Director – Highways, Fleet & Logistics;
- Assistant Director – Lower Thames Crossing & Transport Infrastructure;
- Assistant Director – Place;
- Assistant Director – Planning & Growth;
- Strategic Lead – Legal;
- Strategic Lead – IT;
- Strategic Lead – Procurement;
- Emergency Planning Manager; and
- Corporate Risk and Insurance Manager.

2.2 As part of the planning process, Internal Audit also considered a number of other sources including the External Auditor's Annual Audit and Inspection Letter, the Annual Governance Statement, Annual Governance Report and the risks arising from the Corporate Risk & Opportunity Register. New issues and potential emerging risks are also identified and discussed with senior management during the year. We also consider the results of our work in 2021/22, any deferred work and concerns raised by the Standards & Audit Committee.

2.3 It is important to note that the strategy and plan are designed, in part, to test the control environment surrounding potential risks and key controls.

2.4 Whilst the strategy remains largely unchanged, we have adopted a 6 month rolling plan for 2022/23 to enable us to continue to react positively to the changing environment and working practices resulting from the COVID-19 pandemic. We will continually revisit the plan and any changes will be agreed by the Chief Internal Auditor and/or Corporate Director of Resources and Place Delivery and be reported to members of the Standards & Audit Committee as part of the progress reporting arrangements.

3. Issues, Options and Analysis of Options

- 3.1 The current 6 month plan has been developed based upon the current resources available to the service. However, there are currently 2 Internal Auditor posts out to advert so additional work will be allocated from the plan once successful candidates have been recruited into these roles. We will keep the Standards & Audit Committee updated of these changes at each meeting.
- 3.2 Due to the lack of resources during 2021/22 and other factors which have resulted in audits having to be deferred e.g. new system implementation, new processes and procedures being implemented, a number of reviews have had to be carried forward into 2022/23 plan.

4. Reasons for Recommendation

- 4.1 For the Standards and Audit Committee to satisfy itself that:
- the detailed Internal Audit Plan for the coming financial year reflects the areas that the Standards & Audit Committee believe should be covered as a priority and recognises the additional flexibility of the plan during the next year to meet changing resources, working practices and on-going budgetary pressures.
 - Sufficient assurances are being received to monitor the organisation's risk profile effectively, including any emerging issues/key risks not included in the strategy or annual plan.

5. Consultation (including Overview and Scrutiny, if applicable)

- 5.1 As part of the planning process, changes to the plan have been discussed with relevant members of Directors Board before being brought before the Standards & Audit Committee.

6. Impact on Corporate Policies, Priorities, Performance and Community Impact

- 6.1 The achievement of corporate priorities is a key consideration of senior management and internal audit when they are discussing the areas that need to be included within the annual audit plan.
